GLOBAL MOUNTS GROUP

Neomounts BTech Audipack

Global Mounts Group is the ultimate specialist in mounting solutions for IT and (pro)AV hardware. With a comprehensive portfolio, we offer the most extensive assortment of high-quality mounting products available in the market today. Our global presence is anchored by our headquarters in the Netherlands, complemented by strategically located offices and warehouses across Europe, the Middle East, Asia, and the USA.

Neomounts

BTech
AV Mounts

Audipack

The group consists of three market-leading brands: Neomounts, B-Tech AV Mounts, and Audipack. Each brand brings its unique expertise and innovative approach, ensuring that we provide our clients with the best possible solutions for their specific needs.

Global presence

With offices and warehouses across key regions worldwide, Global Mounts Group is strategically positioned to deliver unparalleled support exactly where and when you need it.

We don't just connect locations; we connect opportunities. Our worldwide organisation is able to fulfil our mission to offer our channel partners local support on a global scale. Being close to our individual customers at all times and allowing us to support global partners and projects, wherever the location.

Prestigious projects and installations

Neomounts

Founded in 1996, Neomounts is a true specialist in IT and AV mounting solutions, delivering smart and innovative products for desk, wall, ceiling and floor. Its products are designed with an eye for detail, high quality and ease of installation with suitable solutions for various industries including business, residential, education, healthcare and hospitality.

BTech

B-Tech AV Mounts, since 1972, is an industry leading brand of pro-AV mounting solutions that are recognised worldwide for their reliability, robustness, ease of install and design aesthetics. B-Tech mounting solutions cover all pro-AV requirements ranging from small, single screens to large format displays, projectors, speakers, interactive touch screens and UC equipment, as well as large, multi-screen LCD or dvLED video walls and digital signage.

Audipack

Audipack, established in 1982, has built a reputation for its high-quality, innovative products, and custom solutions tailored to the professional AV market. With a strong commitment to precision engineering and customer-made design, Audipack offers innovative solutions for a wide range of applications, including installation, rental, education, narrowcasting, and home cinema.

Eye for detail

We focus on creating mounting solutions that combine precision, functionality and aesthetic excellence. Our approach goes beyond mere technical connections, treating each mounting solution as an opportunity to deliver outstanding results that blend form and function.

Every product is created with attention to detail, ensuring optimal performance and functional design that complements its surroundings.

Partnerships

Offering the best possible mounting solutions requires complete and accurate hardware information and knowledge. Global Mounts Group and its brands maintain continuous, close collaboration with leading hardware brands to ensure access to all relevant information and data to offer the best possible mounting solution at all times.

Corporate responsibility

At Global Mounts Group, we are ambitious and committed to fostering sustainable growth, driving positive social impact, and upholding high standards of ethical governance. Our Environmental, Social, and Governance strategy is directly connected to our mission statement 'We rise by lifting others'.

We continuously strive to align our operations with globally recognised sustainability and ethical principles and take ownership in Environmental Stewardship, Social Responsibility and Governance Excellence. We recognise our responsibility to mitigate environmental impacts. Our environmental initiatives include amongst others specific green-sheets of our products. Additionally, we are committed to social responsibility and to the highest standards of transparency, ethical conduct, and accountability.

Embedding ESG principles into every aspect of our business is a core priority at Global Mounts Group. Through collaboration, innovation, and accountability, we pursue long-term value for all stakeholders while contributing to greater sustainability and an equitable world.

We rise by lifting others
